Dunnage Transfer & Part Presentation Equipment

Case Study #005

Designed for a variety of dunnage sizes

Gravity feed and power lift

Featured Design:

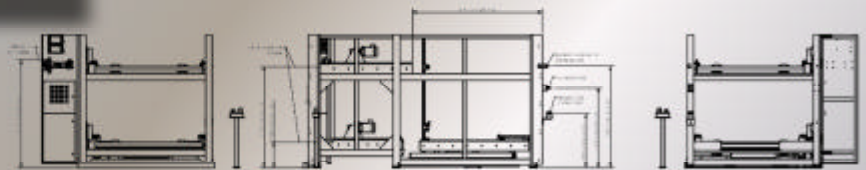

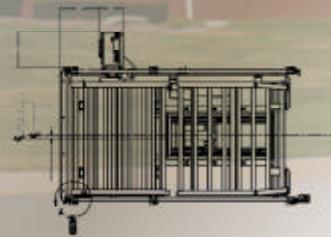

Dunnage conveyor systems optimize plant floor space.

Customized design dunnage transfer systems allow gravity or power feed to and from the operator while accumulating full and empty containers.

Dunnage systems are designed with visual indicators and personal safety equipment.

Specifications:

*Gravity or Power Driven
Easily Customized Design
Safety Integrated Controls
Coordinated with automation
Quick & Easy Load/Unload
Multi or Single Level Design*
